SUMMARY

Motivated BCA (AI \& ML) student with a strong interest in Artificial Intelligence, Machine Learning, and emerging technologies. Skilled in problem-solving, teamwork, and applying technical knowledge to real world applications. An **active member** of **Association for Computing Machinery (ACM)** and **International Association of Engineers (IAENG)**, committed to continuous learning and professional growth in the field of computing.

WORK EXPERIENCE

Member – Association for Computing Machinery (ACM) Student Chapter

January 2026 – Present

Poornima university, Jaipur

- Designed impactful posters and digital creatives for technical events, strengthening event branding and visibility.
- Contributed as a **core team member in planning, promoting**, and executing workshops and seminars.
- Collaborated with teams to enhance **teamwork, leadership, and communication skills**.
- Managed design tasks efficiently under deadlines, showcasing strong time management and creativity.
- Utilized tools like **Canva/Figma** to deliver professional-quality designs.

PROJECT

Laundry Management System Software

- Designed and developed a software system for managing laundry operations, including order tracking, customer management, and billing.
- Focused on improving workflow efficiency and record management for small laundry businesses.

Face Recognition Attendance System (Computer Vision Project)

- Built an automated attendance system using face recognition technology.
- Utilized OpenCV and face recognition algorithms to identify individuals in real time.
- Implemented image encoding, face detection, and attendance logging with timestamps.
- Improved efficiency by reducing manual attendance errors and time consumption

ACHIEVEMENT

GDG–Google Developers Group Hackathon

Feb. 2026

Poornima University, Jaipur

- Developed **“Code Connect”**, a full-stack developer platform featuring code sharing (Code Space), real-time collaboration (Pod Space), and coding challenges with leaderboards.
- Integrated AI Research Assistant, reusable code **library (90+ snippets)**, and gamification features to enhance user engagement and learning.
- Secured **1st position** among **competing teams by delivering an innovative, scalable, and user-focused solution**.

EDUCATION

Bachelor of Computer Application

Aug. 2025– Present

Poornima University, Jaipur

SKILL

- Teamwork**
- Time Management**
- Leadership**
- Critical Thinking**
- Tools: (VS Code, Flutter, Git Bash & GitHub, Canva)**

ADDITIONAL INFORMATION

- Programing Language:** Python, C, HTML, CSS, JS
- Languages:** English(Basic), Hindi
- Certifications:** **Gemini Certified Student** credential from **Google**.
